Inspiring and thought-provoking guide.Von pesek@teleport.comThe sons of Bill Beausay, author of Teenage Boys, are lucky to have Bill as their father. With wit, compassion, concern, and wisdom, the author gives us advice and sample scenarios for those of us living with the most difficult, yet potentially delightful of people, teenage boys. I enjoyed the book

immensely. Bill wants us all to remember the power we have to affect our sons. He provides sample dialogues with which to work through problem areas. With sections entitled A Parenting Plan for Man-Making, Shaping the Inner Man at Home, Shaping a Man Ready for Life, and Shaping a Man's Soul, Bill Beausay is concerned with the big questions in life. He wants the absolute best for his sons and describes many of his own experiences raising teenage boys. In the final chapter " Dreamers and Leaders", the author reprints a letter he published in his newspaper column "Winners". The letter is to the parents of a young man Bill observes in the checkout line of a store. " I saw your son today and felt compelled to write you this letter. I wouldn't have even noticed him had not my eyes accidentally caught his. Something seemed vacant there. Nothing about him really spoke of life, of energy, or of distinction. I was overcome by the sense that you, as his folks, should see this moment.... there's not a reason in the world for him to blend in like he does, everything about him is unique and alive and wonderful. I'm certain that unless you tell him, nobody will. You can teach him to dream bigger, hope larger, see wider, think more... Ask him to stand erect, chance a look into another's eyes, smile and laugh loudly. It's a mom and dad's job to find the spark in a young man's heart and carefully guard it. You can cradle his hopes and help them come to be..." I bought a copy for a good friend with hopes that it will help him with his 14 year-old son. He's delighted with the book. I wish Teenage Boys had been around in the 50's for my Dad to read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellant book on teenagers based on sound principals Von Customer This book gives you a bright and new outlook on dealing with your Son. Mr. Beausay's methods are compationate and yet very effective. The secret is to use it like a refrence book. Read it over and over again always going back when you need to review. You will find a new perspective every time. Very interesting reading with the Bible as a large source of it's wisdom.

Kurzbeschreibung Its time to show up for your son in a big way. A teenage boys world is a dynamic, unpredictable place. Thats why stringent parenting techniques dont always bring about the results we expect. Though we know theres a lot riding on our ability to wisely parent teenage sons, its hard to know the best way to proceed and parents are often overwhelmed by the challenge. But now, in this fun and down-to-earth guide, Bill Beausay offers six fresh principles that can help you overcome your fears and powerfully shape the man inside your teenage boy. Bring out the best in your teenage son. You know that you need to be involved in your sons life. But just being there physically isnt enough. Parents who enjoy the most success in raising teen boys are present in dramatic, colorful, in-your-face ways. Teenage Boys! Will help you discover how you can develop a clear, do-able plan that will significantly impact your teens life and your own. Now with answers to the most frequently asked questions about parenting teen boys. Expanded to address the issues that matter most to teenage boys and their parents. Includes advice for two-parent families, single parents, grandparents, and stepparents. From the Trade Paperback edition. From Library Journal Beausay and Gurian are both clinical psychotherapists, previously published authors, and the fathers of boys. In their new works, they focus on the development of adolescent boys, sharing a concern for boys' complete growth? physical, spiritual, emotional, and religious? to adulthood. The books have different tones, however, and are directed at different audiences. Beausay addresses the parents of teenagers, assuring them that they will survive. Teenage Boys! is very upbeat with a flexible, not prescriptive, approach; suggestions are practical ideas for parents to try. Gurian's book is less a parenting book, although it will interest parents of adolescent boys, and more a work on adolescent male psychology. A Fine Young Man draws from biology, psychology, and sociology to paint a detailed picture of the tasks an adolescent boy needs to undertake to become a mature adult. Although the volume is somewhat scholarly in tone, no detailed bibliography is provided. Gurian helps his readers understand the teenager in depth, but his ideas are sometimes subject to challenge. Teenage Boys! is highly recommended for all parenting collections. A Fine Young Man is recommended for collections in adolescent psychology and larger parenting collections. ? Kay L. Brodie, Chesapeake Coll., Wye Mills, MD Copyright 1998 Reed Business Information, Inc. Kurzbeschreibung Its time to show up for your son in a big way.
