than flattering review I obtained a copy. I am not sure that he and I were reading the same book! Pat Morley's excellent presentation of the issues that we men face are to say the least useful and helpful. I found the antidotal stories refreshing and concise to the 'secrets' discussed. It is by no means any 'new age philosophy' but is a book that is well anchored in the belief that Jesus Christ is our Lord and Savior. I did not find it to be a 'preachy-type' of book, but I found it to be refreshing and thought provoking. The questions at the end of the chapters were well thought out. I have just started reviewing one question and it is causing me to deeply search God's word to find God's will, my responses will certainly be helpful in my bible study group. With the antidotal stories used, the judicious use of appropriate scriptures and the warmth of Morley that comes through the pages, I can warmly recommend this book to any Christian who is seeking to deepen his walk with his Lord.1 von 1 Kunden fanden die folgende Rezension hilfreich. Ten Secrets for the Man in the Mirror Von Dave Outlaw Ten Secrets is an encouragement. Men usually have a difficult time being transparent and open with their feelings and with their Christian Walk. This book guides you through ten thought provoking principals regarding your walk. It is balanced instruction requiring you to look toward real understanding and an opportunity to apply it in your everyday life. What good is "learning or knowledge" if you cannot trust in Him and apply your trust in your everyday life? It illustrates how men think, operate and function. Many of these "successes" are cultural successes and once achieved seem to be hollow victories. What good are successes if you are on "guard" worrying about the next one. Where or when will it come, how will I get there and will this one fail? Ten Secrets guides you through the real meaning of happiness and success. Ten Secrets helps you understand God's success. I am pleased that trees are God's and he will supply all that are necessary to further His Word. Read, study, ponder, reflect, the Ten Secrets; and then see if true happiness is not within your reach.1 von 1 Kunden fanden die folgende Rezension hilfreich. Excellent Guide Von Duane Jackson A very easy read and can be broken down to 10 sessions for a book study. 10 Secrets is filled with real life examples on how to better your life and seek God's purpose for your life. Pat Morley gets to the bare bones and challenges men to make the correct changes needed to make their life meaningful and significant. Unless you're the one in 100 million that has all their ducks in a row, I highly recommend this book.
