Von Artie Van Why : That Day In September (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised That Day In September (English Edition):

Kurzbeschreibung
Countless heroes emerged from the chaos of Sept. 11, and by selflessly sharing his story, Van Why must be counted among their number. - David C. Nichols, The Los Angeles Times
We all have our stories to tell of where we were the morning of September 11, 2001. This is one of them. In *That Day In September* Artie Van Why gives an eyewitness account of that fateful morning. From the moment he heard "a loud boom" in his office across from the World Trade Center, to stepping out onto the street, Artie vividly transports the reader back to the day that changed our lives and our country forever. *That Day In September* takes you beyond the events of that morning. By sharing his thoughts, fears and hopes, Artie expresses what it was like to be in New York City in the weeks and months following. The reader comes away from *That Day In September* with not only a more intimate understanding of the events of that day but also with a personal glimpse of how one person's life was dramatically changed forever.
